**Comments and Recommendations
Regarding Licensing Requirements**

Licensing requirements govern child care facilities in the State of Oklahoma. These rules are minimum requirements for the care and protection of children in care outside their own homes. They were developed by individuals from various professions with expertise in child care, including private providers; the Child Care Advisory Committee; and from input solicited from other providers and the public. The requirements were approved by the Commission for Human Services and the Governor of the State of Oklahoma pursuant to the Oklahoma Administrative Procedures Act.

It is the intent of OKDHS that licensing requirements are clear, reasonable, fair, and enforceable. In the interest of serving the public, comments are welcomed and will be considered for future revisions or development of new requirements. Please complete the form below and send it to:
