The Oklahoma Family Network’s Neonatal Services are devoted to family centered care and one-on-one support for families with a child in a Neonatal Intensive Care Unit. If you would like to visit with an OFN Coordinator or a family that has had a similar NICU experience, please contact:

Serving families since 1997 with support from:
The US Department of Health and Human Services Health Resources and Services Administration Maternal Child Health Bureau

Where to turn for help... if you have a child in the NICU

Or call 405-271-5072 or 877-871-5072

What is the OKLAHOMA FAMILY NETWORK?
Oklahoma’s Family-to-Family Health Information Center. OFN Staff and OFN Support Parents are trained, experienced family members who are familiar with the emotions, fears and realities that parenting a child who is in the intensive care unit can present. They too have walked the difficult path of having a child in intensive care and have a listening ear and wisdom to share.

RECEIVE CONNECTIONS TO:

- Graduate NICU families
- Support Groups
- Other Resources
- OFN NICU Care Coordinators

What can OFN do for you?
- Encourage and support you
- Help you find resources
- Help you identify support groups
- Sit with you as your child has a procedure or surgery

When families of children in the NICU are asked who can best support them emotionally...

...their first choice is other families who have had similar experiences.

“My association with OFN mentors has given me the knowledge and courage to be my daughter’s first and best advocate. Their support and friendship has helped me to be a better parent.”

Deb, mother to Allison

OFN gives families an outlet to be heard without judgment, listened to with care and compassion and helped by others who have been there, done that.”

Tracy, mother to Braeden

Being a Care Coordinator for OFN has given me the opportunity to be there for families and provide them with the support and encouragement they need as only someone who has been there can.”

Carol Bauman, OFN

TESTIMONIES
