5310 TRANSPORTATION PROGRAM

NATURE OF THE PROGRAM

This program purchases vehicles and other equipment to help private, nonprofit organizations and public agencies, under certain conditions, provide for the special needs of seniors and individuals with disabilities in urbanized and non-urbanized areas, where existing or proposed transportation services are not adequate. Applicant organizations must provide a matching fund percentage depending on the type of equipment that is ordered. The Federal Transit Administration will finance the remaining cost for approved projects.

Awards will be in the form of vehicle(s) or other approved equipment. Type of vehicle(s) awarded will meet the requirements of the Federal Transit Administration. Vehicles are purchased through statewide contracts. The title to vehicles is held by both the sub-recipient organization and DHS Aging Services.

APPLICANT ELIGIBILITY

Only private, nonprofit organizations incorporated within the State of Oklahoma, public agencies and associations determined by the secretary of the treasury to be an organization described by 26 U.S.C. § 501(c) exempt from taxation under 26 U.S.C. § 501(a) or determined under state law to be nonprofit, are eligible. Documentation certifying the status of being a nonprofit organization will need to accompany each application.

Applications are accepted at any time.
