# Take ADvantage of a better life

## What is ADvantage?

The ADvantage program is a Medicaid-funded program administered by DHS Aging Services. The program serves seniors age 65 and older and adults with physical disabilities age 21 and older. It allows members to receive services while remaining in their homes. Some of the services available through the ADvantage program include:

- Case Management
- Personal Care
- Home Delivered Meals
- Prescriptions
- Specialized Medical Equipment and Supplies
- Skilled Nursing

The ADvantage program does not provide 24-hour care and you must be able to remain safely in your home. For many, ADvantage is a good alternative to other long-term care options like nursing homes.

## How does it work?

Once you are approved for the ADvantage program, you will choose a Medicaid contracted agency that provides case management services. You and your assigned case manager will coordinate a care plan that will specifically meet your needs.

*With help from family and friends,  
the ADvantage Program can help  
you remain in your own home.*

## Would I qualify?

In order to qualify for the ADvantage program, you must meet both financial and medical qualifications. Financial qualifications are determined by a case worker at the local DHS county office. To meet medical qualifications, you must meet nursing home level of care, which is determined by a nurse at the local DHS county office.

## How to apply

To apply, or if you have questions about the program, call the ADvantage Careline at 1-800-435-4711, or go to your local county DHS county office.

*Be as independent*

*as possible,*

*as long as possible.*

*Take ADvantage.*
